

Cut-Off Wheels

For use on High Speed Cutter

Features

- A tight fiberglass mesh weave foundation provides a longer life and safer operation than standard wheels.
- Proprietary abrasive particle formulation for cooler and faster cutting.
- Excellent on Steel and Stainless

Overview

The number of cuts each wheel will give you is always the ultimate gauge of the real cost of a Cut-Off wheel. Our wheels are built with the highest quality fiberglass mesh and with a much finer weave than standard wheels. It is that sturdy foundation, coupled with an innovative abrasive formulation, that allows our wheel to make more cuts while running cooler, cutting faster and lasting longer. Great for steels and stainless steel.

Options

Available in 3" and 4" diameter with different thickness. Works with all standard Cut-Off wheel mandrels.

Part #	Style	Size
9989	Cut-Off Wheel	3" x .035" (3/8)
9990	Cut-Off Wheel	3" x 1/16" (3/8)
9991	Cut-Off Wheel	4" x .035" (3/8)
9992	Cut-Off Wheel	4" x 1/16" (3/8)

Die Grinding Assortment Kit

For Use On Die Grinder or High Speed Cutter

Our assortments cover all your air tool abrasive needs. From cutting to grinding to polishing, everything is here in a handy drawer, ready when you are.

Features

- Designed To Cut Quicker and Last Longer
- Rockmount Quality Throughout
- Superior Carbide Formulations
- Metal Drawer Fits In Standard Cabinets

Characteristics

At Rockmount our motto is “Designed to Weld Stronger and Last Longer” and that philosophy carries over to our abrasives too. Our cutoff wheels have a superior fiberglass foundation for extra durability and safety. Our flap discs are built with a high thread count fabric flap designed to outwear the competition. These assortments include the highest quality and longest lasting abrasives available. They include the mandrels and backing pads in a steel case that fits in your standard drawer cabinet.
