

Mounted Flap Wheels

For Use On Die Grinder

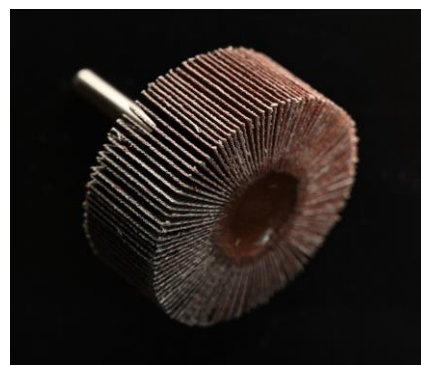

Mounted flap wheels for deburring and surface dressing in bores and hard to get to areas where a flexible abrasive is required.

Features

- Higher number of fiber flaps than standard wheels.
- High quality aluminum oxide coating.
- Fast cutting, long life.
- Fits all standard die grinder chucks.

Overview

Rockmount Mounted Flap Wheels are designed for easy removal of rust, paint or other contamination, or when dressing and deburring bores in hard to reach areas. With a greater number of high thread count flaps than regular flap wheels, this product provides a long wearing and economical solution for your deburring needs. For use on ferrous and non-ferrous metals, stainless, aluminum, brass, plastic, fiberglass, wood and glass.

Options

Available in 1" and 2" diameter with different grits.

Part #	Style	Size	Grit
997901	Mounted Flap Wheel	1"	120G

Die Grinding Assortment Kit

For Use On Die Grinder or High Speed Cutter

All of Rockmount’s air tool abrasives in one convenient kit. From cutting to grinding to polishing, everything is here in a handy drawer, ready when you are.

Features

- Designed To Cut Quicker and Last Longer
- Rockmount Quality Throughout
- Superior Carbide Formulations
- Metal Drawer Fits In Standard Cabinets

Characteristics

At Rockmount our motto is “Designed to Weld Stronger and Last Longer” and that philosophy carries over to our abrasives too. Our cutoff wheels have a superior fiberglass foundation for extra durability and safety. Our flap discs are built with a high thread count fabric flap designed to outwear the competition. These assortments include the highest quality and longest lasting abrasives available. They include the mandrels and backing pads in a steel case that fits in your standard drawer cabinet.
