

Unitized Wheels

For Use On Die Grinder or High Speed Cutter

Extra delicate polishing wheel for applications where little or no base metal removal is required.

Features

- Specially processed micro abrasives provide delicate surface smoothing and shaping.
- Durable woven fiber design.
- Good for applications where precise polishing is required.

Characteristics

Our unitized wheel is ideal for shaping, smoothing and polishing metals where little metal removal is desired. The amount of surface removal is controlled by choosing which Unitized Wheel you use, Soft, Medium or Hard.

Options

Available in 2" diameter in three levels of hardness. Works with any standard mandrel.

Part #	Style	Size	Hardness
995803	Unitized Wheel	2"	Medium-General Purpose
995804	Unitized Wheel	2"	Soft-Cleaning and Finish
995805	Mandrel	Required for Unitized Wheel	

Die Grinding Assortment Kit

For Use On Die Grinder or High Speed Cutter

Our assortments cover all your air tool abrasive needs. From cutting to grinding to polishing, everything is here in a handy drawer, ready when you are.

Features

- Designed To Cut Quicker and Last Longer
- Rockmount Quality Throughout
- Superior Carbide Formulations
- Metal Drawer Fits In Standard Cabinets

Characteristics

At Rockmount our motto is “Designed to Weld Stronger and Last Longer” and that philosophy carries over to our abrasives too. Our cutoff wheels have a superior fiberglass foundation for extra durability and safety. Our flap discs are built with a high thread count fabric flap designed to outwear the competition. These assortments include the highest quality and longest lasting abrasives available. They include the mandrels and backing pads in a steel case that fits in your standard drawer cabinet.
