

LaserBest® Hole Cutter

Premium cutting tool for making clean holes in any material.

Features

- Ultra-Hard Tungsten Carbide Cutting teeth
- High Quality LaserBest Pilot drill
- 3-sided shank for easy use in a hand drill with a keyless chuck
- Built in Ejector Spring, for easy slug removal after use.
- Ideal for drilling overlapping or interrupted holes

Overview

The LaserBest Hole Cutter is designed to cut clean holes in any metal up to 1" thick. This including the full range of ferrous metals, cast iron, mild steel, high carbon steel, stainless, as well as copper and aluminum alloys. The cutter is tipped with tooling grade tungsten carbide and includes a high-quality LaserBest pilot drill bit. The results are clean holes without burrs, ready to use. Additionally, the ejector spring enables easy slug removal so that the tool can be used repeatedly without aggravation.

Application

- Avoid Overheating by using LaserBest Cutting Fluid and running the drill at slow speed, particularly when drilling the pilot hole.

Available Sizes:

Part #	Size	Part #	Size
6399	9/16"	6409	1-3/16"
6400	5/8"	6410	1-1/4"
6401	11/16"	6411	1-5/16"
6402	3/4"	6412	1-3/8"
6403	13/16"	6414	1-1/2"
6404	7/8"	6416	1-5/8"
6405	15/16"	6418	1-3/4"
6406	1"	6420	1-7/8"
6407	1-1/16"	6422	2"
6408	1-1/8"		

Part 6408 – 1"

Part 6452 – 5pc Kit

6452	5pc Kit Incl. 5/8", 3/4", 7/8", 1", 1-1/8"
